

Day Ride

Enjoy the latest Ducatis on breathtaking roads with a local tour guide.

The South of France is ideal for motorcycling - 300 days of sunshine a year with average temperatures of 17° Celsius and some of the best motorbike roads in Europe.

What better bike to enjoy these sights and delights than a bright red Ducati? All our motorbikes are less than one year old and serviced to the highest manufacturer standards.

Our experienced multi-lingual guide will lead the tour on a separate Ducati and ensure road loads of smiles per miles. Depending on the time of year, you will ride the famous Route Napoleon, the twisting Col de Turini or scenic coastal routes around Monaco and St. Tropez.

A typical day keeps you in the saddle for four hours. That is two hours in the morning followed by lunch in a Provence restaurant and two hours on the way home with a coffee break.
