

SUMMER WEEKEND RIDE

All work and no play makes Jack a hack and Jacky a whacky.

The South of France is ideal for motorcycling - 300 days of sunshine a year with average temperatures of 17° Celsius and some of the best motorbike roads in Europe. And what better bike to enjoy these sights and delights than a bright red Ducati?

On Saturday, our multi-lingual guide will lead the tour on a separate Ducati and ensure road loads of smiles per miles. Depending on the time of year, you will ride the famous Route Napoleon, the twisting Col de Turini or scenic coastal routes around Monaco and St. Tropez. A typical day keeps you in the saddle for four hours. That is two hours in the morning followed by lunch in a Provence restaurant and two hours on the way home with a coffee break.

On Sunday, it is time to relax from riding our *red hot chariots of fire*. We have arranged two options for you to choose from: either you can soak up the sun in a luxury beach club with staff serving your every need or improve your swing by playing 18 holes in an exclusive golf club.
