

## WINTER WEEKEND Ride

*Fire and Ice on the Cote d'Azur.*

Even in winter, the South of France offers pleasures without half measures. Pleasant temperatures and some of Europe's best driving roads along the sunny coast make this biker's dream a reality. But that's not all. A short drive away, there is a skiing resort with over 100km of well-prepared slopes for you to ride and glide in a stride.

Friday evening, a chauffeur will bring you to Isola 2000. That way you get all Saturday to put your skiing or snowboarding skills to the test. After a day on the pistes, its time to quickly freshen up in the hotel as your driver is already waiting to take you back to Cannes.

On Sunday, our multi-lingual guide will lead the tour to ensure road loads of smiles per miles. And what better bike to enjoy these sights and delights than a bright red Ducati?

Depending on the time of year, you will ride the famous Route Napoleon or the scenic coastal routes around Monaco and St. Tropez. A typical day keeps you in the saddle for four hours. That is two hours in the morning followed by lunch in a Provence restaurant and two hours on the way home with a coffee break.
